

Responsa in a Moment

Led by Dr. Richard Meyer

Before the summer, each Shabbat before Mincha, we read and discussed Rabbinic Responsa: questions brought to Rabbis throughout the generations and the decisions they made. We focused on issues pertaining to Life Cycle events and their complexity.

Beginning September 2011 we will analyze Responsa taken from the Orthodox, Conservative and Reform movements. We will study together a series of Responsa emphasizing Jewish ethical considerations in business, medicine and law.
